About Us

HomeMore is not your typical furniture manufacturer; we are the architects of exceptional furniture solutions. Our expertise lies in crafting furniture that defies conventions, with a primary focus on space-saving designs and smart furniture solutions, mainly including tables and stools, designed to maximize your living space and enrich your life.

Equipped with a top-tier production facility and strategically positioned warehouses in US and Germany, HomeMore is poised to deliver groundbreaking smart solutions to the global market.

At the heart of HomeMore's mission is an unwavering commitment to shaping the future of furniture. In response to the growing demand for forward-thinking home furnishings, we seamlessly integrate advanced technology into our product line. Fueled by a shared passion within our team, we tirelessly strive to meet the ever-evolving demand for space-saving and smart furniture through continuous innovation and superior manufacturing processes.

With HomeMore, the future of furniture is already within your reach.
